

THE REPORTING SOLUTION FOR EXCEL USERS

MyReport™ Pack for *Tally*® ERP9 users

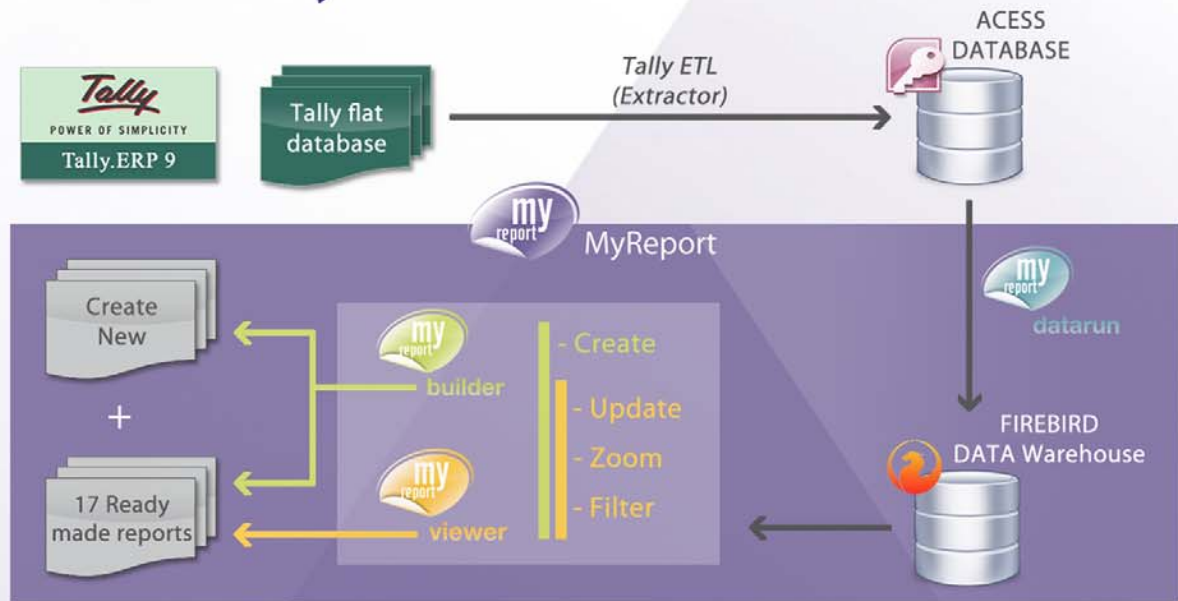

Make your life smooth, Just Plug and play with Tally,
and analyze your data like never before...

THE REPORTING SOLUTION FOR EXCEL USERS

MyReport™ Pack for Tally® ERP9 users

My Tally Data now in Excel !!!

MyReport's uniqueness resides in its focus to make reporting easy for the end users by simplifying all the complex technical process into easy to understand steps, for both IT and non-IT people.

Adding to this is the intuitive interface, which allows the users to implement and start using MyReport™ within very short time.

Keeping in mind the different needs of Tally users we created a full Tally pack for all the Tally ERP users to provide them a simple and affordable reporting tool.

It takes less than 5 minutes to install and start the analyses by creating smart reports out of your Tally Data directly in MsExcel®.

Creating an Excel report out of Tally Data has never been so easy.
